Por favor, tenga en cuenta que hemos verificado y podemos aplicar la reducción del flete también a los procesos 148 y 149.

Asimismo, informo que la tasa **Emergency Fuel Surcharge** será aplicada a todos los embarques con salida de Brasil a partir del 23 de marzo, afectando de esta manera los embarques 145, 146 y 147.

A continuación, comparto la tabla actualizada con el flete y las tasas aplicadas a cada booking, así como el comunicado del armador respecto a dicha tasa.

[Implementation of Emergency Fuel Surcharge \(EFS\) - Hapag-Lloyd](#)

Implementation of Emergency Fuel Surcharge (EFS)

Surcharges Europe America Oceania Asia Africa Middle East and Indian Subcontinent

Due to the ongoing geopolitical circumstances, fuel prices have surged sharply, resulting in increased bunker costs globally.

As a result, an Emergency Fuel Surcharge (EFS) will be introduced across all trades and will cover the extraordinary costs not covered by the Marine Fuel Recovery Charge (MFR).

The details of this EFS are listed below and excluding cargo that falls under SSE regulated (China) scopes:

Scope	Direction	Dry / USD per TEU	Reefer / USD per TEU
Long Haul	Front Haul	160	225
Long Haul	Back Haul	70	100
Intra Regional		70	100

This surcharge applies to any sailings commencing on or after **March 23, 2026**, excluding **FMC scope (USA)**. The charge is to be borne by the Sea Freight payer.

Atenciosamente / Kind Regards / Saludos Cordiales
