Assunto: AD SHIPPING | Important Update – Operational Impacts in the Middle East

Good afternoon, dear Frietzie!

We would like to inform you that we were in a meeting with Hapag to obtain further information regarding the application of the WAR RISK surcharge due to the recent events in the Middle East.

At the moment, the Hapag Brazil team is still awaiting further instructions and clarifications. However, according to the official communication issued by the carrier and confirmed in the meeting by the company's commercial team, the surcharge will be applied as of today to all bookings that are already in transit (on water) or scheduled for shipment.

We have reviewed our system and identified the **TPI** bookings to which this surcharge may apply. Please find them below.

We also inform you that we continue to closely monitor the situation together with the carrier. Should there be any change in the scenario or if the surcharge is revoked, we will inform you immediately.

We remain at your disposal for any further clarification.
