### **Thermottraffic GmbH – Internationale Kuehlspedition**

Headquarters: Versmold/Germany. Register court: Guetersloh commercial register B 4621.

Managing director: Falko Thomas. Place of jurisdiction: Halle (Westf.)/Germany.

We only work in accordance with the "Allgemeine Deutsche Spediteurbedingungen 2017" – "ADSp 2017" – (German Freight Forwarders' General Terms and Conditions 2017).

Clause 23 of the ADSp 2017 differs from the statutory liability limit for damage to goods (§ 431 HGB (German Commercial Code)). Liability for multimodal transportation, including sea carriage, in case of an unknown damage location, is limited to 2 SDR/kg and, apart from that, the standard liability of 8.33 SDR/kg is also limited to € 1.25 million per damage claim and € 2.5 million per damage event, but to not less than 2 SDR/kg. In addition to the provisions of clause 23 ADSp 2017, the following applies: Thermottraffic is not liable for damages due to loss, damage and/or delays caused by the fault of its servants or of the ship's company in the course of steering or otherwise operating the ship

("nautical fault"). However, this does not apply in the case of measures taken primarily in the interest of the cargo or caused by fire or explosion on board the ship. Furthermore, Thermottraffic's liability for delays occurring on the sea route is limited to three times the amount of the freight.
